

## Create aFlyer

1. Type the Title of your Flyer in Word Art. Use a shadow or 3D effects to help grab attention of the reader.
2. You must have 4 different clip art pictures associated with the topic of the Flyer.
3. You must have one image from the Web.
4. Make sure to add the date, time, and place of the event.
5. Explain some of the festivities that will be at the event.
6. Make sure to use the entire page and make the flyer attractive to the reader so they will want to come to your event.
7. We don't want unused white space... but not enough is bad too!
8. Save your Flyer as a word document and as a webpage (HTML). Name it Flyer\_FirstInitialLastName
9. Upload both documents at the same time into google classroom for grading.
