Hardware in class assignment

Task: A person you know has asked for advice on what kind of computer to buy. Your job is to go online and find a computer that will suit his/her needs.

Things to consider:

- What kind of hardware is needed?
- What type of system?
- What type of programs?
- What type of files ?
- Portability?
- What other components are needed?
- Printer? Speakers? Etc.

You can put this computer together yourself or you can opt for a package deal.

What to submit in google classrooms:

- State the profession of the person you're finding a laptop for
- Your budget (How much did you spend and list of what you bought)
- Include taxes and shipping
- An explanation justifying your purchases
- Be detailed and clear
